To whom it may concern,

Give Someone a Chance (GSAC) is a private non-profit homeless advocacy group founded by Hazel and Dick Mitchell in 2011. Today we provide four distinct missions to the over-700 homeless in Tuolumne County:

- Homeless Transportation
- Veterans Support
- Case Management
- Mobile Homeless Shower Bus

From our early days we have been continually grateful for Tuolumne County District 2 Supervisor Randy Hanvelt and his dedication and support for our missions. As we enter into our 2nd phase of our Shower Bus Deployment he continues to be synchronized with our shared visions of how to collaborate the simple shower bus program with local churches, county agencies along with clothing from the Nancy's Hope Charity to current conversations with the Advantest Hope Medical Van to also provide medical services at our shower bus facilities.

He has clearly demonstrated himself as a leader-among-leaders right here in our Tuolumne County as the champion for homeless advocacy. We are eternally grateful for his support for GSAC and the other community efforts.

Sincerely

*Hazel Mitchell*
